Body of Itinerant Discovered at Niles

Second Unidentified Body
Found Here In Six-
Week Period

Apparently the victim of acute alcoholism, an unidentified itinerant was found dead Monday afternoon near the spur track leading to the Kraftite factory north of Niles. No clue to the man's identity was discovered, according to Deputy Sheriff Hugo Radbruch, who was summoned to inspect the body by deputy coroner F. F. Botelho. The dead man's age was estimated at around 52 years.

Discovery of the body was made by itinerants, who immediately notified officials of the Dickey Clay Manufacturing company. A call was sent from there to the coroner. According to itinerants, the man was dubiously known as William McKeown or William McKenna.

Radbruch photographed the body for purposes of identification, stating afterward that finding kin in such cases is generally impossible.

The body of the itinerant was the second to be found in the vicinity of Niles in the last few weeks. The first was discovered in the Western Pacific freight yards some time ago. Identity of the first body has not yet been established.

According to Radbruch, the class of itinerant to which both dead men belonged seldom carry articles or letters that would serve to establish identity.

AUNT ELSIE CLUB MEET SCHEDULED FOR NOVEMBER 18

Having had no meeting for several weeks, members of the Aunt Elsie Club are looking forward to the Saturday meeting with Mrs. N. F. Meyers, the "Aunt Nan" of the local group, at her home in Niles Canyon.

The meeting is slated to begin at 2:00 p. m. and all officers and members are urged to be on time. The session will last two hours.

According to Mrs. Meyers the afternoon well be spent in making scrapbooks for crippled children in California hospitals. She stated that the children have shown enthusiasm for this sort of work before, and she expects a good attendance.

Small Fire Routs Out Niles Firemen Tuesday

A small fire that started in a shed behind E. Tochimi's home on Richmond street in Niles Tuesday evening at about 7 was put out immediately by the Niles firemen, who reached the scene almost before the echo of the siren died away.

No damage of any consequence was done, the flames consuming a chicken coop and a few old boxes.

SCOUT FUND DRIVE TO BE CONTINUED FOR ANOTHER WEEK

Slow, But Steady Returns
Necessitate Time
Extension

With the scheduled number of days for the Boy Scout Fund drive at an end, and the quota still not attained, officials in the drive this week stated that it would be continued for several days longer, in order that the remaining organizations and industries in Washington township might have an opportunity to make their contributions.

According to E. Dixon Bristow, head of the Niles drive, the local returns have been slow, but steady. He stated that a few more days should see the amount considerably swelled.

Unforeseen difficulties have arisen to hamper the plan of contacting organizations and industries, in that membership of the former must be contacted before a 100 per cent contribution can be made and the main offices of local branch industries must be informed.

Bristow reiterated his opinion that the scouts should be supported, and said that the additional days for the drive should bring many individuals into the financial fold.

ED. ROSE RETURNS FROM TRIP TO GOLD FIELDS

Recently returned from a trip to the gold fields near Downville, Ed. Rose tells of the hundreds of amateur miners and old prospectors who are re-working the Sierras for gold. According to Rose, many of the adventurers are making a steady four and five dollars a day for their pains.

The recent rise in the gold price resulting from Federal gold buying has greatly increased the value of the metal in relation to the dollar and unemployed people are flocking into the west Sierra slope. Rose is enthusiastic about the possibilities for any unemployed person and heartily advises a chance in the gold fields. Rose stated that all those engaged in the mining seemed happy and independent, and all he questioned said it was much better than loafing at home.

CRUSHES FOOT

Walter Rose, employee of the Standard Oil company at the Irvington plant, Monday suffered an injury to his foot while he was shifting heavy bales on one of the trucks. The injury, though painful will not permanently disable Rose, and he expects to be about again soon.

FRANK ROGERS, 85, DIES AT HIS NILES HOME NOVEMBER 9

Washington Township Resident for Sixty-seven Years

Succumbing to a long illness, Frank Rogers, 85, one of Washington township's early settlers, passed away at his home on Duarte avenue, Niles, last Thursday. Pioneers all over the southern part of Alameda county knew Rogers, and view his passing with deep regret.

Born in the Azores in 1848, Rogers spent his first eighteen years in his native land. He came to Washington township in 1866 and took up a section of land. He remembered the days when the first orchards were coming into full bearing, and was greatly interested in the rapid growth of agriculture in Washington township. Up to the time that he retired, Rogers was an active rancher.

Frank Rogers was the husband of the late Mary S. Rogers and is survived by two daughters and one son: Mrs. Francis Silva, Mrs. Mary Silva and Gerald Rogers.

Rogers was an active member of the Centerville council of the U. P. E. C.

Funeral took place Monday morning at 9:00 from the Chapel of Palms at Centerville. A requiem high mass followed at the Holy Ghost church. The Rev. Father Souza officiated. Interment was in the Holy Ghost cemetery at Centerville.

REGIONAL MEETING TO ATTRACT U. C. ALUMNI NOV. 20

Washington township alumni of the University of California are looking forward to the big regional meeting and get-together banquet for the peninsula and lower bay region scheduled for next Monday evening, November 20, at the Beresford Country Club in San Mateo.

According to Mrs. J. R. Whipple, Roland Bendel, A. J. Rathbone and Judge A. G. Norris, local members of the general committee, the big meet will be one of great interest to all alumni in the township. William F. Calkins, alumni association representative, stated a heavy attendance is expected. Calkins recently called on California alumni in and near Niles to stir up interest in the affair.

A superlative program is planned, including talks by Dr. Monroe E. Deutsch, Bill Ingram and Judge Warren Onley. Robert Sibly, alumni head, will also be there. Football pictures will be shown, and the California Glee Club will entertain.

The meeting will be informal, open to both men and women. All alumni are urged to get in touch with their local committeemen for reservations or write direct to John D. Bromfield, post office box 127, Burlingame.

A reception will be at 6:30, dinner following at 7:00 p. m. All Alumni are urged to bring their families and friends, stating beforehand how many reservations are wanted.

WHIST A SUCCESS

The benefit whist held Tuesday night in the I. O. O. F. hall for the Corpus Christi church was a huge success, according to those who attended. Many tables were filled throughout the evening. Refreshments were served, and many lucky people went home with worthwhile prizes.

The first teacher of music in Washington township was Miss Incarnacion Vallejo, daughter of J. J. Vallejo.

NILES CIVIC GROUP LISTENS TO EXPERT ON ILLUMINATION

Clark Baker, Engineer, Tells Value of Eyes and Good Vision

"The Science of Seeing," was the topic of an interesting talk given Monday before the Niles Chamber of Commerce by Clarke Baker, of the Pacific Coast Electrical bureau. Baker's talk was the second of a series of addresses by outside speakers at the meetings of the Niles civic group. President F. V. Jones intimated that next Monday's meet would be equally worth while.

Baker, interested in public and private lighting projects, stated that illumination engineering is one of the youngest sciences, and that its importance is growing by leaps and bounds. In telling of light and sight, Baker said that illumination engineers first consider the human factor, in order that efficiency might not be impaired. Baker told the value and function of the human eye, stating that one-third of the body nerve energy goes each day in the reception of images through the sense of sight. He advocated care if the eyes, saying that 87 per cent of our knowledge is acquired through the medium of vision.

In dealing with the makeup of light, Baker told briefly of the two theories extant: the wave theory and the corpuscular theory. He stated that it was generally concluded in scientific circles that light was some form of vibration, but whether waves or particles was a moot question. Baker explained the spectrum, and showed charts of white light broken up into its component colors. He explained the relationship of pigment colors and the colors of light, the latter caused by various wave lengths.

Baker ended his talk with a series of charts showing the mechanics of the human eye, and the proper ways in which light in the home or working place should be adjusted for maximum vision and minimum eyestrain. He spoke briefly on color blindness and astigmatism, and told of difficulties in lighting highways and placing road markers so that all types of eyes could have clear vision.

In conclusion, Baker said that it is becoming much more widely known that the proper use of light is as important as ventilation, and even food in the normal functioning of the human body.

Previous to Baker's talk H. L. Scott, chairman of the baseball committee, told of the game Sunday between Niles and San Leandro. Scott said the team is a success and that the town is turning out to see the games. He told of some minor changes to be made in equipment at the playing field.

New postmaster, Veloise Fournier was at the meet and stated that he would attend regularly henceforth.

Dr. J. H. Durham on Way Home After Long Journey

Leaving Chicago Thursday, Dr. J. H. Durham, of Irvington, will soon be back home in Washington township following a long stay in Chicago where he thoroughly studied the Century of Progress exposition.

Durham also spent some time at a dental clinic at the University of Chicago and at the college of dentistry at Northwestern University. Doctor Durham humbly stated, that from the prosperous look of Chicago, all the town needed was a good tax collector. He said the snows in the east were beginning and that he would be glad to get back to California.

NILES C. OF C'S BEAT SAN LEANDRO 6-4 AT NILES SUNDAY

Steady Playing of Niles Ends In Well-Earned Victory

Finding the San Leandro batters a decided jinx in the early innings of the Niles Chamber of Commerce team game with San Leandro Sunday, Art Duarte, starting Niles pitcher, turned the mound over to A. Medeiros, who held the San Leandrans to four bingles for the rest of the game, giving Niles a victory by a score of 6 to 4.

Rallying in the third inning, when Cull singled, the Chamber of Commerce team scored. L. Pine with Raso's double. Raso in turn was scored by G. Medeiros' single. C. Pine was walked and Duarte's single scored Medeiros. Pine scored next on Cull's double.

One of the best pieces of pitching work this season was shown by A. Medeiros in the seventh inning when he pitched himself out of a bad hole. Bases were loaded and no outs. T. Duarte's sensational catch in centerfield helped Medeiros out of the spot.

Next Sunday the Niles Chamber of Commerce team will play the Newark Hill Billies at the Niles diamond. The game was previously scheduled for the Newark field, but the Newark club stated its eagerness to play the game at Niles.

Following is the Niles box score for last Sunday's game:

	AB	R	H
L. Pine, rf.	4	1	0
W. Raso, ss	4	1	1
G. Medeiros, 3b	4	2	3
C. Pine, c	3	2	1
T. Duarte, cf	4	0	1
Cahill, lb	4	0	1
Bellini, if	4	0	1
Cull, 2b	4	0	2
A. Medeiros, p	3	0	0
	34	6	10

George Medeiros took batting honors for the day with three out of four. Cull was second with two for four tries.

R.R. SECTION CARS CRASH AT NEWARK LAST WEEK; 1 HURT

Chick Santos Leaps To
Safety, Alameda Man
Is Injured

Noticing the approach of another section car on the same tracks west of Newark last Thursday night, Chick Santos, of Centerville, Dumbarton railroad bridge night superintendent, stopped his car and leaped to one side just as the approaching contrivance crashed. Riding with Santos at the time was Robert McEwing, of Alameda, who unable to leap quickly enough, was injured. He was taken to the Southern Pacific hospital in San Francisco in the Chapel of Palms ambulance, after first aid treatment by a Centerville physician for a broken collar bone, shoulder injuries and lacerations.

The car which smashed into Santos' was loaded with section workers, none of whom were hurt. Santos and McEwing were on their way to the bridge when the accident occurred.

PROGRESS OF RED CROSS DRIVE STEADY; IS REPORT

GASOLINE THIEVES CAUGHT IN ACT ON J STREET IN NILES

Art Roderick Nabs Two
Tramp Autoists At
3 A. M. Tuesday

Surprised by night watchman Art Roderick in the act of siphoning gasoline from a parked car in front of the La Victoria apartment house at 3:00 Tuesday morning, Richard Mollette and Eugene Miles, tramp autoists from Washington, were Tuesday lodged in the Niles jail awaiting a complaint from the owner of the car.

Patrolling First street, Roderick noticed a suspicious movement about the parked machine on J street. Investigating, he surprised the miscreants with a can of gasoline they had just taken from the tank of the machine.

Roderick turned the two culprits over to Constable O. W. Elbright, who lodged them in the Niles jail.

SIXTEENTH DISTRICT MEETS AT SUNOL NOVEMBER 20

The East Alameda County Council of the Parents and Teachers are making preparation for the Sixteenth District meeting at the Sunol Glen Grammar school to be held on November 20. The date, previously set for November 20, was advanced in order that the gathering would not conflict with Teachers' institute week, slated to begin November 27.

Plans for the meet are being directed by Mrs. A. L. Tilley, Unit President and Mrs. H. A. Johnson, Council President.

In addition to the noon luncheon, there will be a small art exhibit of work done by Sunol grammar school children.

Mrs. F. M. Clark, of Alameda, Sixteenth District president will preside over the morning session. Reports of the various councils will be heard as well as reports from the various standing committees.

The afternoon session will be directed by Mrs. C. Murphy, of Brentwood, 4th vice president of the district.

All who are interested in the work being done by the Parent Teachers organization are cordially invited to attend all or part of the day's session, according to Mrs. H. A. Johnson.

Toyon Branch Meets At Alvarado Last Monday

Meeting Monday afternoon with Miss Mildred Nauer, at the latter's Alvarado home, about ten members of the Toyon Branch of the Children's Hospital of Alameda County, turned the proceeds of its various enterprises including those of the recent bridge whist over to the central fund at the Oakland hospital.

The afternoon was spent in sewing, and plans were laid for the net meeting to be held on the second Monday in December at the home of Mrs. Thane.

Several guests were present at the Alvarado meeting Monday.

The building of the Calaveras dam reduced the drainage basin of Alameda Creek to about one-eighth of its former size.

Subscribers Willing, Say
Chairmen of South
Alameda Towns

Started last week, the Red Cross drive in Washington township is well under way this week, according to reports of the various chairmen in local towns.

Centerville using the same system as last year is leading in the number of subscriptions so far. A volunteer representative is stationed in the post office at all times, to ask those who enter to join. A statement from Mrs. George Coit placed the number of joiners at sixty-five Tuesday, after only two days of the drive.

In Niles, Mrs. Rose Vieux, chairman, unassisted is making a canvass of the business houses and homes of the town. She stated that so far the results had been gratifying. Mrs. Vieux said that she may appoint an assistant later.

The drive is to continue until the end of November, according to Mrs. F. T. Dusterberry, township chairman.

Chairmen for Mission San Jose and Newark, not appointed until this week are: Mrs. Thos. Witherly and Mrs. Scott, respectively.

NILES POLO TEAM DEFEATED; PLANS MORE GAMES

Outplayed by a fast Newark team, the Niles Jackass Polo club went down to a fighting defeat Armistice Day afternoon at the Newark grammar school grounds for the huge benefit for Ed. Feliciano, Newark ball player who lost a hand some time ago in an accident.

The Newark victory was sensational in that the game Saturday was its first. The mounts were loaned by the Niles aggregation, who used new burros, not broken well to the game. Members of the new Newark team are: Louis Calderia, Orland Menzies, Tony De Valle and Tony Martin. The Niles lineup was Grady Denton, Joe Ferrera, Bill Alameda and Charles Andrade.

In a baseball game the same afternoon, the old Wedgewood team was defeated by the 1933 Newark J & F's by a score of 8 to 6.

Proceeds from the afternoon were presented to Feliciano at a banquet Tuesday night at Newark, attended by the members of both baseball teams and both Jackass polo teams.

To continue the interest in polo, Grady Denton, Niles captain, is making tentative plans for his aggregation to play an American Legion team at Niles on Thanksgiving day. He stated that perhaps the Niles C. of C. baseball team would select an opponent from other local teams for a game the same afternoon, thus making a sort of local celebration.

Rev. Father McCaul To Be Transferred Soon

Members of the Corpus Christi parish were sorry to hear an announcement last Sunday that Rev. Father McCaul, priest in Niles for several years, was to leave the parish. He will be transferred to San Leandro. The Rev. Father O'Connor, of Lodi, will take over the parish here.

Father McCaul has been popular in Niles, and it is with regret that his transfer is noted.

Walter Kempton Sunday visited friends in Richmond.

Lights of New York

By L. L. STEVENSON

Curious, the articles guests leave behind them in hotel check rooms in this mad Manhattan. For instance, at the Hotel New Yorker, a champagne bottle has been standing on a shelf for the last two and a half years. Around its neck is a small card which bears a number. That number is the only identification of the owner the hotel has. The other half of the check may have been destroyed or lost but the bottle will be there ten years from now unless claimed. Beside the bottle of champagne, is a box of orchids, which was checked by a young man. The orchids are just a bit faded. They were left a year ago.

The check-room boy is city-bred. But he is an expert on chickens and knows a lot about ferrets. In both instances, his education was forced on him. A crate of chickens was left in his care for five days. Each day, he fed and watered them and when the holder of the check showed up, all the chickens were alive and well. A pair of ferrets was left for three days. But that was enough. Ferrets do not make the best company.

Last fall, the head of a suburban household brought in a window screen, presumably to match it. But the screen is still there. So are two shotguns, checked six months ago. Then there's a radio set somewhat out of date now because it was checked three years ago. A straw helmet, worn by some explorer in South American jungles, has been lying on a shelf a year and a half, while a basket of china from the Orient has been there two and a half years.

Included in the inventory of course are all kinds and sizes of grips and suitcases, some of which have been there three years. In addition is a tent, which has been on hand a year. A pair of riding boots was checked three years ago. A golfer left his clubs behind some time ago and a pair of satin slippers testifies to the absent-mindedness of some young woman. Then there are also an antique chair and a motor cycle windshield.

One hotel patron parks his winter hat in a check room every spring and his straw hat in the fall.

A shoe salesman, who recently lost his job in an expensive shop through an economy move, is about to go into business on his own without expending a cent for stock. It seems that the rule in that particular store, at least, is that when a customer returns a pair of shoes because of an improper fit, the store takes back the pinching pair and gives her a new one. The shoes thus returned must be paid for by the salesman and become his property. So the former salesman intends to dispose of his accumulation at retail, with replacements from stocks acquired by his fellow workers.

Squirrel lovers are writing letters to the Times about dogs. Several who walk through the parks mornings used to feed ten or more of the bushy-tailed animals. Now they find only a few. They are inclined to blame dog owners who, when they take their pets out for a stroll, allow them to run about unmuzzled.

Pleasanton 4-H Club Girls To Hold Tree Planting Ceremonies

A tree planting ceremony was held at the Amador Valley High school Wednesday afternoon at 3:15 conducted by the Pleasanton girls 4-H club.

A Cedrus Deodora Christmas tree was planted at the high school. This is part of the girls club work to be done during the year.

Everyone was invited to witness the ceremonies. The program for the afternoon was as follows:

"SHANGHAI LIL" IS HEROINE OF VIENNA

Uncovers Plot and Halts Wave of Terrorism.

Vienna.—The heroine of the moment in Austria is a Viennese replica of "Shanghai Lil." It was she who brought about the discovery of the men who, during June, kept Vienna and a large part of Austria in a state of terror for almost a week; and it was she who, through this discovery, caused the Austrian Hitlerites to be outlawed as a political party.

As a result she has received a large reward and is receiving the police protection usually reserved for a princess or a queen. Mingling as she does with the lowest dregs of the city's social strata, she knew quite well the danger that lay in exposing a potential murderer. The police are, of course, also aware of the risk she took and are seeing to it that she is well guarded.

Several Bombs Placed.
One of the several infernal machines which had been placed by vandals was that which exploded in the doorway of a small five-and-ten-cent store.

Soon after the explosion a taxi chauffeur reported to the police that at the point of a revolver two youths had forced him to take them as passengers from the store a few minutes before the explosion took place. Also, he explained in detail how at the risk of his life he had attempted in vain to signal to a policeman that all was not in order.

The chauffeur's story, together with his photograph and several editorial tributes to his courage, appeared in the newspapers and was read by millions in all parts of Europe.

Girl Recalls Scene.

One among these millions was Vienna's "Shanghai Lil." She recalled how on the night of the bombing she had seen the chauffeur in cordial conversation with two youths near the scene of the crime at least half an hour before the explosion occurred.

She went to the nearest police station and told officers what she knew. The chauffeur happened to be there, adding a few details to his story. He was confronted with "Lil," saw that his zeal to establish an alibi had proved his undoing, confessed and named the actual bombers.

After that the police had easy sailing. Enough confessions were obtained from these three to justify the arrest of some dozen other terrorists. This they reported to Minister of Public Security Maj. Emil Fey, and Fey in turn reported to a cabinet meeting, with the result that the whole Nazi movement in Austria was outlawed.

Indian Fighter Seeks Pay Owed Him by Texas

Dallas, Texas.—Frank Jackson, an eighty-nine, lives in hope that the state of Texas will some day pay

him the \$50 a month pension it promised him.

Jackson, former Indian fighter and last member of a volunteer company of 100 Texans raised by his brother, W. M. Jackson, to fight for the Confederacy, came here from Devonshire, England, where he was born, in 1848. Ever since he has lived in Dallas county, except for the time when he was a ranger and later a soldier for the Confederacy.

He recalls stirring incidents of his Indian and Yankee-fighting days. When his brother's company operated out from Old Fort Arbuckle against the Comanches, he participated in a chase which ended with the killing of a chieftain from whose clothing hung a string of 140 human scalps.

He was wounded during a battle against Union soldiers under Jim Blunt. A piece of shell knocked his horse from under him and another struck him on the head. He was unconscious for two weeks.

On his eighty-ninth birthday Jackson said:

"The state of Texas promised to pay me \$50 a month, but so far it has never fulfilled its promise."

This Man Hasn't Tasted Water for Thirty Years

Rockport, Mass.—Water, water, everywhere, but not a drop to drink, has been John E. Sullivan's slogan for nearly half a lifetime.

To his total abstinence from drinking water, he attributes his rugged health.

Thirty years ago, Sullivan, this seaport's veteran police chief, decided he didn't like the taste of water. Since then he hasn't swallowed a drop of it, quenching his thirst with tea, coffee, milk, and, of late, 3.2 beer.

Six feet tall and weighing 210 pounds, he boasts that he has not known any serious illness since he got off the water wagon.

Woman, Aged 94, Walks Mile a Day for Exercise

Walnut Ridge, Ark.—Following her theory of plenty of exercise to gain a long life, Mrs. Martha E. Jones, ninety-four years old, walks a mile a day "just for the exercise." She expects to "walk a mile a day" when she is one hundred years old. Her mother lacked only four days of being one hundred years old when she died, and Mrs. Jones' father lived to be one hundred and nine years old.

NORMANDY OBSERVES ITS TENTH CENTURY

Cities and Towns in Gala Attire for Event.

Coutances.—Celebration of the thousandth anniversary of Normandy opened here recently and will be observed in other towns throughout the district during the summer.

The fetes are not in honor of Normandy, the country of apple blossoms, of green pastures and rippling streams, which has existed since there were any memories of this verdant countryside, but are being held in commemoration of the Tenth century of the Normandy of the Normans. Incidentally, the anniversary has been made an occasion for the historians and the archeologists to make known and discuss Norman history and art.

The city of Coutances, with its magnificent Norman cathedral, has been decorated with the famous Viking flag bearing three gold leopards, which flew from the mastheads of the Norse dragon ships of war when they first began their raids up the French rivers in 911. A Viking war craft with its shields and dragon-headed prow, a reproduction of the queen's ship which was unearthed on the Oslo fjord, was borne in the historical pageant through the streets, while numbers of the terrible Norse heroes, including Rollo, the first Norse conqueror of Normandy, were impersonated.

At the historical congress which was held here under the chairmanship of Professor Prentout of the University of Caen, papers were read by French and foreign historians dealing with the Norman race and its Tenth and Eleventh century exploits.

The fetes have been made the occasion for a demonstration of friendship with Norway, which sent representatives, and exchanged telegrams with the Normandy officials.

Rarest Precious Stone Found in California

Hollister, Calif.—Few of the world's jewel collectors know that one of the rarest of all precious stones—Benitoite—is found only in one small surface deposit, the area of which is no larger than a good sized room, in San Benito county.

The tract of soil containing the deposit has been under lease to Otis Dunn, Santa Paula, Calif., for several years. Economic conditions for the last three years caused him to close operations. He plans to resume working the deposit soon.

The finest Benitoites are clear transparent blue in color, shading into the palest lavender and white. Only one clear white Benitoite ever has been found.

Benitoites, as the rarest gems in the world, consequently are the most valuable, according to Dunn. They are known to but few collectors. They are found imbedded in solid rock, and the only way to remove them without chancing damage, is to place the ore in acid, which eats away the rock but does not injure the Benitoite. It is then cut and polished the same as a diamond.

An Old Antwerp Tradition It's an old Antwerp tradition that the Burgomaster's desk should be adorned daily with a bowl of fresh white lilies at the expense of the city, and inquiring visitors soon learn why. For years the city has chosen this subtle method of reminding its burgomasters that their reputations are fragile and should be as pure as the lilies.

TONS OF GOLD MAY BE FOUND IN LAKE

Legend of "Golden Man" Not Unbelievable.

Cartagena, Colombia.—Tons of gold, huge emeralds and other jewels and precious metals, lying embedded in the mud at the bottom of a small but deep lake in the Andes mountains, waiting for some one with a fortune to gamble on their reclamation!

So goes the legend, and it may be true. Certainly everything points that way. But one can never tell and the cost of an expedition to recover the priceless treasure would be enormous.

Of course, nothing is more natural than that a country known to be rich in natural deposits of gold, platinum and emeralds, should have its fabulous legends. The country is Colombia, South America's northernmost nation, former stamping ground of the Muisca Indians.

Grabbed Vast Wealth.
In the sixteenth century, the Spaniards came to this mountainous garden spot and wrested enormous wealth from the ground. Comparatively recent history tells us of the galleons which set forth in fleets from ancient Cartagena, today one of Colombia's leading Atlantic ports, laden with treasure consigned to the Old World.

Today's commercial statistics show the same region, known as the "Republic of Colombia" ever since Simon Bolivar freed it from the Spanish yoke, to be South America's richest producer of gold, the world's leading producer of emeralds, the costliest of jewels, and second among all platinum producing countries under the sun.

With these facts before you, it is not difficult to believe the legend of the "Golden Man," king of the

Muisca, whose city was known as "El Dorado"—the treasure city.

Every year on a certain day, according to the Muisca tradition passed down from generation to generation by word of mouth, the king rubbed his body with the sticky sap of certain trees and permitted the priests of his city to cover him, from head to foot, with gold dust, applied with miniature blow guns.

He then walked majestically down to the shore of Lake Guatavita, a pure gem-like pool of crystal clear water cupped in the heights of the Andes quite near to his capital city of El Dorado. There he left his priests behind, putting forth upon the water on a small raft. Arriving at the center of the lake, he stood up and prayed for a shower of gems from the gods. Then he dived overboard.

This was the signal for all the people of his city who were gathered along the shore to take part in the ceremony, to hurl their most precious possessions into the lake. These were invariably gold and jewels, chiefly emeralds, which they mined with great effort from the adjoining mountain sides.

It Grew and Grew.

And so, year after year, the treasure at the bottom of Lake Guatavita grew in size and immeasurable value. The legend of the Golden Man was repeated and spread through the New World. Germans who had settled upon the coast of Venezuela in 1590 set out for Lake Guatavita to recover the lost wealth, but Indians banded together and drove them back. Others followed. A Frenchman named De Sepulveda partially drained the lake and recovered a few emeralds, one of which he was reported to have sold for \$100,000. Spanish conquistadores tried their hand at the treasure without success. As late as 1903, a group of British engineers were given a government concession to retrieve the treasure of El Dorado. They spent a fortune draining the

lake, but found that the bottom had caked so hard that other fortunes would be required to chip it away, so they abandoned their venture. The lake filled up again and has so remained for thirty years.

Today speculation is rife as to whether there really exists a fabulous treasure at the bottom of Lake Guatavita or whether it is merely a figment of the imaginative Indian mind, a story elaborated as it passes from mouth to mouth, from father to son, until the facts are lost in fantastic embellishment.

Last Member of Court of Mad Empress Is Dead

Kansas City, Mo.—Death of Mrs. Kate Kentling, ninety-six, at Springfield, Mo., recently brought to an end the tragedy and misery which resulted from Emperor Maximilian's ill-fated attempt to establish a monarchy in Mexico nearly 70 years ago. Mrs. Kentling went from Australia to Mexico as lady in waiting to the Empress Carlota and the bride of William Heide, bandmaster to the emperor. The bandmaster was injured during an earthquake just before the final collapse of the regime, and the couple after great hardships made their way to New Orleans and then to St. Louis.

The bandmaster died there as a result of his injuries and the young widow married Frank Kentling, a bookkeeper. They established a store in the Ozark town of Highland, Mo., and reared eight children, several of whom served in the army during the World War. She was the last survivor of the Maximilian court.

Tree's Roots Above Ground Cambridge, Mass.—A tree whose roots are 70 feet above the ground has been discovered at Harvard university. It was found recently, growing in a chimney atop the Jefferson Physical laboratory. The tree is three feet tall and thriving.

Duck Hunting Rules As Topic of Conversation

Duck hunting has been the main topic of conversation since the first of November among the residents of Alvarado. A great many ponds have been leased to hunters this year.

One of the finest ponds in the entire vicinity is the Union City Gun Club which has recently built an up-to-date club house which affords unlimited accommodations to the members and their guests. The shooting has been exceptional this year in the ponds. Charles Buchanan, Clarence Flores, David Kirk, Joseph Dutra, Nick Lewis, James Chrisfield and Chester Gunn are the members of the Union City Gun Club.

St. Anne's Bazaar Is Well Attended Affair

The Alvarado St. Anne's church bazaar was more of a success than the sponsors contemplated.

On Saturday evening a great number of people attended the bazaar which was held at the I. D. E. S. hall on Thursday, Friday, and Saturday of last week.

Adele Dutra, Ashland Girl, to Wed L. Rose

Laurence Rose, of Alvarado, will be married on Saturday afternoon in St. Joseph's church in Ashland. Miss Adele Dutra, of Ashland, is the bride.

After the honeymoon, which will be spent in Los Angeles, the couple will make their home in Alvarado. Rose is employed by the local salt plant.

Merchants Baseball Team Sponsors Whist

The Alvarado Merchants baseball club at their last meeting made plans to sponsor a whist party on December 6 at the school auditorium.

A cash prize will be awarded to the lady making the highest score and also to the man. A turkey door prize and many others with refreshments at the close of the game promise to draw a large crowd.

Miss Alice Dutra is spending the week in Decoto with relatives.

Mr. and Mrs. Joseph Silva and family, of Hughson, have returned to their home after visiting here with friends.

SUPERVISOR BOARD HEAD CALLED TO WASHINGTON

William J. Hamilton, chairman of the board of supervisors of Alameda county, has been called to Washington to confer with federal authorities regarding allocation of federal moneys to this county for construction purposes.

The testimonial dinner announced in honor of the supervisors for this (Thursday) evening, has been postponed until Thursday evening, November 23, according to Harry G. Williams, chairman of the committee in charge.

Supervisor Hamilton will return from the nation's capitol in time for the dinner announced on leaving Oakland for the east.

During the dinner a musical program will be presented featuring the Hotel Oakland concert trio; Miss Mamie Larue, radio star, and several instrumental numbers. Harold J. McCurray, postmaster at Sacramento, and a director of the California State Fair, will be among the speakers of the evening. The dinner is open to the public, reservations can be made through the Merchants Exchange in Oakland. Wives of the county supervisors will be guests with their husbands being at the speakers' table.

Mrs. Leonard Voyer, Mrs. D. MacCarthy, Miss E. MacCarthy, and the Misses Margaret and Helene Voyer were dinner guests of Mrs. R. Donovan Saturday afternoon.

Cauliflower Acreage Increased This Season

Figures released by the United States Department of Agriculture last week, show that the acreage of cauliflower to be planted in Alameda county this year is increased over that of last. According to the report, over 2000 acres will be set out to the vegetable.

The increase in acreage this season is attributed to the fact that the county has won the first prize and blue ribbon at the State Fair for three consecutive times. Washington and Eden townships produce the prizewinning vegetable in large quantities, a great deal of the crops being handled by the H. P. Garin company at Centerville. The Centerville plant won first prize for cauliflower in each contest.

In addition to cauliflower, Washington township raises prize tomatoes, celery, cabbage and spinach.

QUAIL AND PHEASANT SEASONS OPENED YESTERDAY

For the first time since the birds were brought to California, open season on Chinese ring-necked pheasants opened yesterday. Duration of the season will be only five days, according to Fred Rogers, game warden, limit being two male birds a day per hunter. Rogers said care should be taken in shooting to be sure the bird flushed is not a female. Since the pheasants are not particularly plentiful it is thought that the open season will greatly reduce their numbers.

Quail season, with promise of good shooting in the higher regions also opened yesterday. The lively birds have not been seen in the local hills in any large coveys, but persevering nimrods may be able to bag a few.

Clarence Secada, of the Bank of America staff, will return to his work Monday after a two weeks' vacation.

LIONS CLUB HEARS MARKETING EXPERT TUESDAY EVENING

Fruit Association Man Tells of Apricot Market Plans

A talk of interest to all apricot and prune growers in Washington township was given before the Lions' Club Tuesday night by L. Pape, advertising and marketing expert of the California Prune and Apricot Growers' Association.

Pape illustrated his talk with various samples of the products now being made from apricots and prunes.

According to Pape, the market for apricots and prunes is vast and relatively untouched. He said that the product needed to be prepared for easy consumption, in order to compete with modern foods. He showed examples of attractive packing of the new "tenderized" brands as well as samples of numerous syrups and crushed products prepared from the original dried apricots. Pape told briefly of the advertising campaign to be put on in the eastern states where the apricot has been relatively unknown, and he voiced faith in the outcome.

Pape was introduced by Manuel Alameda, chairman for the evening. Alameda, an apricot producer himself, and a representative of the association in this region, told the group of Pape's value to the industry.

Maurice Silva, tenor, sang a few numbers for the entertainment, accompanied on the piano by Oliver Campos.

The meeting was well attended, according to Frank Madruga.

MINERALS, STAMPS, COINS SHOWN AT W. U. H. S. MUSEUM

Directed by Miss Van Winkle, additions of old coins, stamps, minerals and Indian relics are being added to the museum at the Washington Union High school. The coin collection already well started, has thus far furnished the greatest interest for the students. Coins donated are mounted with accompanying plaque telling of the date and country of coinage, and giving the name of the donor.

Different exhibits are to be shown at different periods of the year is the report. After the coin display the case will be given over to Indian relics. In the spring an exhibit of minerals will be shown. Last, in the weeks before school closes for the summer, stamps will fill the case.

Among interesting relics now in the school collection is a 22 calibre pistol dating from 1859.

Inquest Tomorrow On Prophiro Souza, Suicide

Inquest on Prophiro Souza, found dead last Tuesday afternoon in the kitchen of his home on Christian Hollow road south of Irvington, will be held at the Chapel of Palms, Friday afternoon at 3:00.

Souza's body was discovered by Constable Tom Silva when Souza's father-in-law, J. Brown, became suspicious when the farm animals appeared to be neglected. Souza had butchered himself with a small knife, following a quarrel with his estranged wife, Mrs. Mary Souza.

Takes Clothing, Money; Is Sought by Authorities

Requesting that his name not be divulged, the owner of a Centerville service station and restaurant Sunday told local authorities that one Winford Wright, an employee, had rifled the cash register of \$13 and also had taken a quantity of clothing. The complainant reported to Deputy Sheriff Hugo Radbruch, that Wright was seen Saturday night boarding a stage for Oakland. Authorities are this week seeking Wright.

Register for better printing.

FORDS, MISSION TO PLAY BENEFIT SUNDAY

One of the best ball games played in the township this year was won Sunday by the Hodgkins Fords, of Newark, on the Newark diamond, when a third inning flurry scored three runs to win over the Hayward Athletics.

Ferera, Ford pitcher, showed his wares when he allowed only two hits during the game. He also batted 500 for the day.

Marcel Sullivan, Ford catcher, caught a stellar game and walloped the ball hard each time at bat. Sullivan was unlucky in that all of his hard-hit balls were fielded by sensational catches. Warren Robinson's two-bagger in the third accounted for two of the Fords' tallies.

H. Robinson also got a double, and figured in two double plays, Rose to Robinson to Dondero.

DRAMATIC SECTION PLAY ACCLAIMED LAST FRIDAY

Staged last Friday afternoon at the Centerville clubhouse, the play, "Sardines," given by the Dramatics section of the Country club was an ably directed and acted performance.

More than sixty attended, and their applause was an indication of their appreciation of the piece. "Sardines," a play by Carolyn Draper Fitzpatrick, is the story of a small coastal town in Maine called Herringport. The characters are the native villagers, with the exception of one, a guest.

Following was the cast: Mattie, Mrs. Josephine Brown; Lizzie Pike, Mrs. August May; Anne Carroll, Mrs. J. E. Townsend; Alfreda, Mrs. E. B. Hodges; Lucy Watkins, Mrs. Walter Robie.

Miss Estelle Martenstein filled out the program with several piano selections, and Lewis Adams gave a reading. Refreshments were served.

Having completed this the second of a series of plays, the Dramatics section is now working on the Christmas program.

Fire Chief Summons Aid In Conflagration

Fire Chief Fred Rogers found it necessary last Friday night at about 10:00 to call his fire fighters to extinguish a blaze in his place when some belated Halloween pranksters evidently returned to finish their handiwork with one of his valuable out-houses.

The small building was taken from his back yard on Halloween night and Rogers had not had time to bring it back into position. Friday night he was startled to see it in flames. It was destroyed, much to the regret of Rogers' fellow fire fighters.

NEW DRUGGIST

According to word from J. C. Walton, Niles druggist, this week, the Sharman Pharmacy, Centerville, will henceforth be under the management of his nephew, Allen Walton, of Oakland. Young Walton took charge last Wednesday.

Sharmon, former owner of the Centerville drug store left for a trip to Los Angeles.

GUY HODGKINS IS STRICKEN BY DEATH SUDDENLY MONDAY

Succumbs After Stroke At Home of Friends In Oakland

Apparently well and in good health Saturday night, Guy Hodgkins, 47, brother of Ira B. Hodgkins of Centerville, Sunday suffered a stroke at the home of friends in Oakland and passed away at an Oakland hospital at 4:00 a. m. Monday.

Guy Hodgkins, a native of Alameda, had been staying for the past few months with his brother, Ira Hodgkins, in Centerville. He had been working at Hodgkins' garage.

Funeral will be held this afternoon from the Grant D. Miller Mortuary in Oakland.

Personal Items

Mrs. W. L. McWhirter and Miss E. Dusterberry were Oakland visitors on Tuesday.

Mrs. George Colt will entertain the Evening Card Club at dinner and bridge Saturday night.

Shirley Furtado, aged two, is recovering from a slight illness this week.

The S.P.R.S.I. Council No. 4 will hold its annual Turkey whist in the Parish hall on December 22.

Among Centerville people who Saturday attended the California Washington game at Berkeley

Thousands have Ended their Bowel Worries

by taking this advice!

Can constipation actually be overcome? "Yes!" say medical men. "Yes!" say the many thousands who have followed their advice and know.

You are not likely to cure your constipation with salts, pills, tablets, or any of the habit-forming cathartics. But you can correct this condition by gentle regulation with a suitable liquid laxative.

THE LIQUID TEST:

This is the way many men and women have made their bowels as regular as clockwork in a very short time.

First: select a properly prepared liquid laxative. Second: take the dose you find suited to your system. Third: gradually reduce the dose until bowels are moving of their own accord.

Simple, isn't it? And it works! The right liquid laxative brings thorough bowel action without

using force. An approved liquid laxative (one which is most widely used for both adults and children) is syrup pepsin. Dr. Caldwell's Syrup Pepsin is a prescription, and is perfectly safe. Its laxative action is based on senna—a natural laxative. The bowels will not become dependent on this form of help, as in the case of mineral drugs.

Hospitals and doctors have always used liquid laxatives. The dose can be measured, and the action controlled. Pills and tablets containing drugs of violent action are hard on the bowels.

If there are children in your household, don't give them any form of laxative, but use a healthful, helpful preparation like syrup pepsin. Its very taste will tell you it is wholesome, and agreeable to the stomach. Delightful taste, and delightful action; there is no discomfort at the time, or after. Ask your druggist for Dr. Caldwell's Syrup Pepsin, all ready to take.

Mr. and Mrs. Loren Merriott, F. T. Dusterberry and sons, Judge Allen G. Norris and Ernest Pimentel.

Mac McKenzie, of the Hodgkins Ford garage, is back at work after a short illness.

Dr. and Mrs. W. L. McWhirter will entertain a large group of friends the night of the California Stanford game.

The Rev. Father Souza, recovering from a recent illness is assisted each Sunday by a visiting

priest. The assisting Father delivers the sermons and officiates at the early mass.

Mrs. Louise Modesto, of Hayward, is staying at the home of her mother, Mrs. J. Clark. Mrs. Modesto is recuperating from a serious illness.

The Centerville Parent-Teachers' Association met last night at the parish hall. Work begun at the beginning of the present term is being carried on.

Why did you buy this NEWSPAPER?

SUPPOSING that, beginning tomorrow, all the newspapers are discontinued. What a furore the public would make "News! News! We must have news or we will be no better off than the ancients." All right, suppose we give them news but cut out the advertisements.

Then you would discover that politics, the doings of society, notices of fires, accidents, deaths, scandals, sports, the activities of the police and criminals add little or nothing to the real comfort and happiness of this greatest age in the world's history.

Advertising is the NEWS of all the looms, of all the furnaces, of all the laboratories, of all the shops, of all the stores, of all the world, AND ALL WORKING FOR YOU.

Because of advertising, luxuries and necessities that once cost a king's ransom are yours at little prices. Advertising pits merchant against merchant, artisan against artisan, producer against producer, for your benefit, forcing out the best there is in everything and telling the world about it.

BANK OF AMERICA TO INCREASE PAY OF 1100 EMPLOYEES

Bank of America N. T. & S. A. and its associated state bank today announced increases in pay for 1,100 employees, to become effective on December 1, as a Christmas present to the employees affected.

In making the announcement, A. M. Giannini, senior vice president, pointed out that the present salary adjustment is the second of its kind in recent months and is in line with the bank's previously announced policy of restoring salaries to a normal basis as general conditions and earnings continue to improve, and its desire to cooperate with the national administration's program of increasing the volume of business by improving purchasing power.

The full amount of the increase for the month of December will be paid on December 15, in order to provide employees with these extra funds for Christmas shopping stimulate the volume of holiday trade.

Chris. Runkle was a visitor in Centerville Tuesday afternoon.

DISH BREAKER PAYS 20-DOLLAR FINE AFTER FIASCO

Arrested by special officer Don Bates in Alvarado Saturday night, Frank Espinoza, of Alvarado, was Monday given his choice of twenty days in jail or paying a twenty-dollar fine at the Niles court-house. Espinoza chose to pay the fine and was released. He was charged with disturbing the peace and perpetration of malicious mischief by Mrs. Sarah Wilson, his landlady, who asserted that Espinoza broke a quantity of her dishes and one of her chairs when he was in a fit of anger. Apparently aroused over some action of Mrs. Wilson, Espinoza is said to have tossed crockery about, accompanying the vandalism with abusive language.

PLANE CRASH STORY PROVES FALSE MONDAY

Rumors that an aeroplane had crashed in the vicinity of Irvington at about 8:00 Sunday evening failed to materialize Monday morning when a thorough search revealed no trace of the alleged accident.

Authorities at bay airports stated that all machines scheduled to land Sunday night did so, and no report has come in concerning an accident. According to witnesses, the machine, described as a biplane, went into a spin at a high altitude. After a short spinning fall, the ship is said to have gone into a steep dive, which it continued until out of sight behind trees. Witnesses said the lights were plainly visible. One observer in Oakland stated that he had noticed the falling lights, and estimated their distance at twenty miles.

GIRLS' BALL TEAMS WILL CLASH AT NILES NOV. 26

Eleven girls who will represent the Irvington Girls' baseball team, under the management of Miss Irma Dutra, of Irvington, underwent a stiff practice at the Irvington Grammar school Sunday morning.

This was the first time the team was together as a whole and will have but one more practice before their first game. They will be seen in action against the Niles Girls Baseball team at the Niles Grammar school on Sunday morning, November 26. This is the first game of the season and a thrilling performance is expected.

A number of Miss Dutra's team have had considerable experience in playing baseball. Several years ago they played under the name

of Kraft Cheese, and won a number of contests.

The lineup will not be announced until the day of the game. A number of changes may be made before then.

J. S. Bettencourt, Nori Nagai and Jim Tasaki returned from a fishing trip with the limit of bass.

Miss Martha Mack will entertain the Irvington Bridge Club at Mrs. Humphreys Thursday afternoon.

Mr. and Mrs. William Ismert, of Oraville, visited E. Ismert Sunday.

Many Irvington women attended the "Old Fashioned Party" held at the Country Club last Tuesday afternoon.

Roy Canright is tuning up his racing motorcycle for the flat-track races at Emeryville. He has taken several first places already.

more, district deputy supervisor, was also present.

A large number of members were present and a large delegation from the Livermore lodge was in attendance.

Plans were also made for the installation held with the Livermore, Centerville and Pleasanton lodges, at the Livermore Odd Fellows hall last Friday night. Charles Florio, vice noble arch presided over the meeting Tuesday evening in the absence of the president, Charles Cavestri.

Emeryville Team Defeats Amador Dons by Big Score

In a game played at Emeryville recently the Amador Dons were defeated by the Emeryville boys by a score of 25 to 0.

The Dons although they were defeated showed considerable improvement in their style of play over the past games.

In the early part of the first quarter Emeryville back was off for a fifty yard run around the Don right end for the first touchdown. A little later the same Emeryville man scored another touchdown in a similar play. Once this boy got in the open, there was no Amador player fast enough to run him down. The Amador line from tackle to tackle played good football but weakness at the ends made these long gains possible.

In the second quarter the ends played wider and turned the runner in nicely with the result that Emeryville could do nothing with them in this period. Score at the end of the half was Emeryville 13 Amador 0.

Throughout the season this has been the score at the half in every game the Dons have played this year.

In the third quarter Amador played as if they could score but a block kick that Emeryville recovered paved the way for a score with the third quarter ending with Emeryville 19 and Dons 0.

In the last quarter Emeryville scored another touchdown making the score at the end of the game Emeryville 29 and Amador 0.

The freshmen were freely substituted as soon as it was shown that Emeryville had too big an advantage with the result the last quarter was a weird one.

The Freshmen made only three out of four plays work successfully. However, the game experience will prove valuable for them during the next two years.

Emeryville earned one touchdown and three are directly chargeable to the Freshmen in the game failing to carry out their assignments especially since two of those touchdowns resulted from kicking plays in which the Dons had possession of the ball. Those responsible have been told about their errors of omission and it won't happen again.

The California School for Deaf and Dumb forfeited the game to the Dons which was to have been played this afternoon, due to the

fact that the boys are suffering with the flu.

A game between the Seniors and Freshmen and Sophomores and Juniors will be played this afternoon. Joseph Peters, captain of the Sophomore-Junior team promises a wrecking crew that can't be stopped. Captain Abbott of the Senior-Freshmen team thinks otherwise. A good game is expected this afternoon.

Geo. Patterson Wins Turkey at Shoot Sunday

George Patterson, of Pleasanton, won the first turkey at the American Legion turkey shoot held at the rifle range near Pleasanton, recently.

August Kennel, of Pleasanton, was the other lucky winner. The men in order to win a turkey must break a plate on a target at a distance of 200 yards.

In a competition shoot held in the afternoon Roy Stevenson made the highest score ever made at the range getting fifty out of fifty. Patterson did not shoot in this competition because of his skill. Elsnab came second scoring forty-four out of fifty.

In the juvenile shoot Stewart Allison took first place and won one dollar. Alma Cronin came second. This shoot was made possible by Adolphe Banke and

District Scout Rally To Be Held At Livermore

Plans for the Annual Boy Scout rally to be held by the Eastern Division of the Oakland Area Council, at the Livermore high school tomorrow night are nearing completion according to reports received this week by the Scout officials and committeemen.

Oakland Man Is Fined \$100 At Pleasanton Court

After a search of a couple of weeks James E. Barger was caught by Oakland police and turned over to Constable Albert E. Vervais and was fined one hundred dollars when he appeared before Judge Charles Gale at the Pleasanton Justice Court recently, to a warrant charging him with taking a car while under attachment.

Barger's car had been attached and was being stored at a Pleasanton garage. Barger stated to Vervais that if he could get to Livermore he would secure some money from his brother there. When he arrived at the brothers home in Livermore the brother refused to give Barger money and Vervais returned to Pleasanton to put the truck belonging to Barger in the garage. When Vervais got off the car to speak to the garage man Barger escaped with the truck. Reports were sent to police headquarters and Barger was picked up in Oakland last week-end.

Pleasanton Council Has Interesting Session Monday Eve

An ordinance increasing the amount of the fine of those found guilty of disturbing the peace while under the influence of liquor was passed by the city councilmen at a meeting held by the Pleasanton city council at the city hall Monday evening of last week.

The city clerk, Ernest Schween, was ordered to pay the claims of the city in the amount of \$770.90, and also to pay the interest on the city bond in the amount of \$170.

The city council acknowledged the receipt of a drinking fountain which was installed recently at McKinley Park by the members of the Pleasanton Farm Home department.

Reports on the improvement of the conditions at the sewer farm were given by councilman Madson and Ashton Britten.

A report was made on the unsanitary conditions prevailing at the Pleasanton race track. This matter was looked into and will be improved very soon. Also the attention of the city councilmen

was called regarding the bad conditions of all railroad crossings in the Pleasanton city limits. Immediate action will be taken to improve these crossings.

The councilmen present were Pickard, Madson, and Garatti.

DOG SHOW IS HELD ON WEDNESDAY, GRAMMAR SCHOOL

A dog show was held at the Pleasanton grammar school last Wednesday afternoon. The show was presented by Mr. and Mrs. Blood, of Berkeley.

Several clever tricks were performed by a trained dog belonging to the Bloods. Mr. Blood also gave a short lecture in training a dog. He stated that a dog should be treated with kindness and should not be whipped if one expects to get good results from the pup.

Modern Team Defeats Old Wedgewoods 8 to 6

The J. & F.'s beat the 1925 Wedgewoods by a score of 8 to 6 on Armistice Day. J. & F. pitcher, Cooper, allowed one hit in five innings, Wilson two in two innings and Dondero four in two innings. Freitas, Wedgewood pitcher, allowed eight hits in five innings, and Silva one hit in three innings.

Over four hundred people attended the game. Ed. Feleiciano from whom the game was a benefit was present and thanked the public for their help.

The fans who watched the baseball game Saturday between lineups of 1925 and 1933 saw an unusual spectacle. Two Newark boys who have won national prominence were on the diamond. Leonard Dondero, who knocked a homer in New York while playing against Babe Ruth, upped while Fred Muller, now playing with Boston, batted on the 1925 lineup. At present both Dondero and Muller are living in Newark.

ORCHESTRA LEADER

Miss Harriet Ballard is making fine progress in leading the Newark Grammar school orchestra. At Berkeley Miss Ballard majored in music. For four years, while attending high school in Berkeley, Miss Ballard was a member of a Berkeley high school orchestra, playing a violin during that time.

House Warming Party At Irvington Sunday

Several Newark girls gave a house warming for Mr. and Mrs. C. T. Rose, of Irvington, Sunday night. Mrs. Rose was formerly Olive Lewis, of Newark. Following are the names of the girls who attended:

Minnie Rivers, Evelyn Freitas, Erma Barcellos, Mary Guardamapo, Mary and Victoria Meneze, Clara Pashote, Bernice Calderia, Mary Duarte and Mary Lewis. Mr. and Mrs. M. Santos and Mr. and Mrs. O. Meneze, also of Newark, attended, with Ernest Rose, of Irvington.

The evening was spent in card playing and dancing. The girls presented Mr. and Mrs. Rose with an end-table lamp and scarf.

Newark Personals

The iron grill work in front of the Newark Catholic church and the cross on the steeple were repainted on Saturday.

Mr. and Mrs. J. F. Silva and daughter, Jeanette, with Mr. and Mrs. Oliver, of San Jose, and Manuel Marton, of Newark, as their guests, spent the week-end at their summer home in Monterey.

Mr. and Mrs. Trescott and sons spent Sunday with friends in Oakland.

Mrs. J. F. Silva and daughters, together with Dorothy Oliver, of San Jose, were dinner guests of Mr. and Mrs. Ash, of San Leandro, on Friday.

Mr. and Mrs. M. Coffey and daughter, Marie, of San Francisco, were guests of Mr. and Mrs. J. Freitas on Sunday.

Mr. and Mrs. G. Toste, of San Jose, spent last week with Mr. and Mrs. Costa, of Newark.

Several of the young people of Newark were present at Sweets' ballroom in Oakland Sunday night.

Deputy School Superintendent J. L. Bunker visited the Newark school Monday afternoon.

Mr. and Mrs. M. R. Silva and daughter were visitors in Oakland Sunday.

Mr. and Mrs. T. Carver and Mrs. J. Brown were in San Jose Saturday afternoon.

Troop committee of Troop No. 2 met Monday night at the home of Chairman Ray Peterson to discuss problems affecting the troop. Those present were: Ray Peterson, A. J. Petsche, George Rose, and L. Pine, scoutmaster.

Troop 2 will soon have the largest court of honor ever held in Washington township, when about 30 merit badges will be awarded. Perfect attendance awards will be made to Scouts Harold Wiseman and Robert Solon. Bud Mello and Julius Pine will receive medals for fire making.

Scouts of Troop 2, Niles, attended the Hayward Rally Friday night. All troops in the eastern district were there. In competition Julius Pine set a record for friction fire-making. He brought flame in 34 seconds. A Sunol scout placed second.

In the fire by flint and steel competition, Bud Mello, of Niles, tied for first in 10 seconds.

Of the members of the Hayward Acres troop, which won the Hayward Rally, two were former members of the Niles troop. The two are Clarence and Tony Rose.

Catholic Daughters Are Installed at Hayward

Officers of the Pleasanton Catholic Daughters were installed jointly with the Hayward court of Catholic Daughters at ceremonies held at Hayward last Thursday night.

Mrs. Mae Q. Lillenthal, of Oakland, state grand regent, was the installing officer. The installation followed a banquet held at the Green Shutter Hotel.

A number of members accompanied the Pleasanton officers to Hayward. The officers installed were as follows:

Mrs. Ida Rabello, past grand regent; Mrs. Nell Reimers, grand regent; Mrs. Mamie Willis, vice regent; Mrs. Ida Rabello prophetess; Mrs. Angie Paulo, lecturer; Mrs. Rose George, historian; Mrs. Carolyn Bedworth, financial secretary; Mrs. Emily Amaro, treasurer; Mrs. Evellra Silva, monitor; Mrs. Nancy Regalia, sentinel. Statewide Hunt Is Being Made for Pleasanton Girl

Police officials and the family of Miss Maxine Morgan, sixteen year old Pleasanton girl, are engaged in a statewide hunt for the girl who mysteriously disappeared from home last Tuesday evening. So far no clues as to where the girl is have been found.

The girl left home at about eleven o'clock last Tuesday evening and is thought to have left on foot. She left a note behind stating that she was going to find a job. The parents do not know any reasons why she would have left home other than that she wanted to work. At first it was thought that she had gone to her grandparents home who live in the north but after checking up on

that clue it was found that she was not there.

She is the daughter of Mr. and Mrs. Miller Morgan, who live about one mile from Pleasanton on the Pleasanton - Livermore highway. She was a freshman at the Amador Valley high school.

Constable Mark Garibini and Albert E. Vervais were the first to be notified of the girls disappearance. Reports have gone over the radio giving a description of the girl and asking anyone who sees a girl answering the description to report to the police immediately.

The girl has blonde wavy hair, blue eyes, fair complexion, turned up nose and is about five feet

First National Bank Plans To Take Over Amador Valley Bank

"It had been hoped that by this time it would have been possible to make some very definite announcement relative to the proposed reorganization of the First National Bank of Pleasanton and the take-over by that institution of the Amador Valley Savings Bank, which naturally would have reflected greatly increased totals in the figures appearing in the bank's statement," Claude Smallwood, cashier stated. "Our plans are all perfected, but public announcement is being withheld until official approval by Washington."

In commenting further upon the bank's figures, just published, Smallwood stated that the directors of the institution have been gratified with the way deposits have been maintained under the economic conditions that have prevailed this year, particularly in view of the lateness with which crops have been disposed of. The bank does not owe anything for borrowed money to the Federal Reserve Bank or other sources.

Beginning January 1, 1934, the deposits in the institution up to \$2,500 will be guaranteed by the Deposit Insurance Corporation. This means that individual depositors are insured in all cases where the amount of their deposit is \$2,500.00 or less up to the full amount of their deposit. Latter on the operations of the plan will be extended throughout the country to take in deposits in excess of \$2,500.00.
